## TURK NATIONALISTS ARE RESUMING OFFENSIVE

### All Jackson Pays Final Tribute to Argonaut Mine Victims

#### RESTING PLACE IS BLASTED OUT OF MOTHER LODE

Services Held From Three Different Churches and Were Most Impressive

#### FLORAL OFFERINGS NUMEROUS

Search Still Being Conducted for Body of William Fessel, Still Missing

JACKSON, Calif., Sept. 22.—Jackson today closed its business houses and schools to pay final tribute to the 45 Argonaut victims whose bodies will be buried in rock sepulchres here and blasted in the heart of the Mother Lode country. All victims will reach their final resting place—all but one, William Fessel, and searching crews resumed their efforts to find his body. Early today 25 flag-draped caskets reached the Catholic cemetery, 11 in the Serbian orthodox cemetery and 9 at the Protestant cemetery.

Services at each church were an hour apart to permit the mourners to pay final honors to all of the departed, a 10-piece band playing dirges headed each cortege. Over each grave was placed a wreath of flowers, a final tribute to the people of Jackson. There were many floral offerings, number being contributed by newspaper and press association representatives who "covered" the disaster. The graves were in long rows and in front of them benches were provided for many mourners. Relatives of the departed miners were taken to churches and cemeteries in special conveyances. The search continued for the body of William Fessel.

#### NOTED IRISH LEADER IS KILLED IN BATTLE

BELFAST, Sept. 22.—Brig. Gen. J. Devine was reported killed with five other irregulars in a fight near Sligo Wednesday night. One of the dead republicans was identified as Brian MacNeill, son of Prof. John MacNeill, minister of education in the old Dail cabinet.

#### FATHER OF SEVEN CHILDREN HANGED AT SAN QUENTIN

SAN QUENTIN, Calif., Sept. 22.—Narciso Sinesera, 51, was hanged at the state prison here yesterday for the murder of Amelia Moreno and a companion at the Ascension Esteban. Sinesera leaves a widow and seven children.

#### SIXTY-SEVENTH CONGRESS ADJOURNS SINE DIE

WASHINGTON, Sept. 22.—The second session of the sixty-seventh congress adjourned today sine die. Legislation passed in the closing minutes was signed at the capitol by the president.

Leaders, on leaving the capitol, expressed the belief that the president would call a special session of Congress about the middle of November to amend and transportation.

#### THEATER COLLAPSES AND MANY ARE INJURED

PITTSBURGH, Sept. 22.—The lobby of the Strand, a movie theater of the East Liberty section, collapsed this afternoon and a score of school children were dropped into the basement. Two are dead and nine injured and the children were removed from the debris, according to first police report. Later reports said 20 children were taken to the hospital, where one child died.

#### GIBRALTAR IS RICH DISTRICT IN GOLD-SILVER

Mining Men Agree New Mineral Find Is One of Most Important Made in Years

Mining men in southern Nevada have become intensely interested during the past few weeks over the great mineral showing that has been taking place at the New Gibraltar property, and all agree that the outlook is most promising for that district being heard from in no uncertain way as a wealth-producing section. The showing in the lower tunnel where a mammoth vein of ore has been exposed for a length of 35 feet proves a revelation to these familiar with conditions, until they complete their examination. Here a body of ore having a width of over 25 feet is exposed that carries average values of \$32.90 a ton in silver and gold, with the white metal predominating to a marked extent. The walls have not been penetrated and mining men estimate that this ore body will be found to have a width of anywhere from 50 to 150 feet, and especially so as increased depth is secured.

That the New Gibraltar will prove one of the greatest mining propositions ever discovered in the outside camps from Tonopah in southern Nevada is now generally conceded by mining men who have familiarized themselves with conditions as they actually exist and to that end the property will be developed along conservative and systematic lines, with a view of placing it among the substantial producers of this section of the state. Eastern capital for the carrying of all plans to a successful termination has been pledged, and it should only be a matter of a short time now until Gibraltar will be the scene of great activity.

#### CONTRACTOR OF ILLINOIS GETS COAT FEATHERS

Rented Homes to Foreigners and Had Been Given Order to Evict the Parties

ALTON, Ill., Sept. 22.—Four armed and masked men took F. L. Craine, 50, retired building contractor, from his home near here and led him into a wooded section about five miles recently rented several homes to foreigners and tarred him. Craine owned and stated he had been requested to evict them.

#### JAPANESE DOCTORS WILL VISIT U. S.

TOKIO, Sept. 22.—The minister of education has chosen the five medical men who, on the invitation of the Rockefeller foundation, are to visit the hospital and medical institutions of the United States. The men are: Dr. Kinoshita Miura, physician in ordinary to the court, professor of the Imperial university, who accompanied the Japanese delegation to the Versailles conference and who, as a young man, studied America and Germany; Dr. Sabachiro Hata, a co-worker with Dr. Eiseich, the discoverer of salvarsan, now of the Kitasato epidemic laboratory; Dr. Kinosuke Miyama, dean of the medical college of the Imperial university of Kyushu; Dr. Morishima of the Kyoto Imperial university and R. Nagayo of Tokyo Imperial university.

#### STRIKERS FOUND GUILTY OF CONTEMPT OF COURT

LOS ANGELES, Sept. 21.—Three striking Santa Fe shopmen—Thomas G. Brewer, Albert Trautman and Joseph Stecklein—all of Needles, were found guilty of contempt of court here by a federal district court jury. The charge resulted from an attack on a foreman.

#### YACHTS SUPPLYING A VIVID CONTRAST

PAGO PAGO, American Samoa, Sept. 22.—Two yachts, wayfarers of the sea that supplied a vivid contrast, put into Pago Pago during August.

The first was the luxuriously fitted yacht Invader, which left San Pedro Jan. 19, carrying J. B. Jefferson, the owner, Mrs. Jefferson and their guests on a roving expedition to the South Seas without specific destinations and with the most favorable routes taken as weather permitted. The second arrival was the small yawl Islander, carrying one person, Harry Pilgson, who has made several long voyages in the Pacific.

#### UNDERSTANDING BETWEEN RACES IS APPROACHING

Racial Commission Reports Finds Beneficial to Both Whites and Blacks

CHICAGO, Sept. 22.—(By Associated Press.)—Mutual understanding, sympathy and peace between the white and negro races, a remedy that necessarily is slow and which can come completely only after the disappearance of prejudice, are recommended in the report of the commission on racial relations, appointed by former Governor Frank O. Lowden soon after the Chicago race riot in July, 1919.

Chosen to study means of preventing future clashes between the two races, more than three years ago and to promote a means of better understanding, the commission made 53 recommendations, among them the following: "That police and militia work out a detailed plan for joint action in the control of race riots; that police and deputy sheriffs and militia be so distributed as adequately to protect both races in white and negro neighborhoods.

Negroes are more commonly arrested, subject to police identification, and convicted, than white offenders. On similar evidence they generally are held and convicted on more serious charges and given longer sentences. We point out that these practices and tendencies are not only unfair to negroes, but weaken the machinery of justice and produce misleading statistics of negro crime.

"We recommend that police pay particular attention to so-called 'athletic clubs' on the South side, which we have found to be a fruitful source of race conflict, and that when race conflict arises or is imminent the members and meeting places of such clubs be searched for arms and that, if deemed necessary, such clubs be closed." The commission declared such clubs were a contributing factor in the race riot of July, 1919.

"We recommend that the most stringent means possible be applied to control the importation, sale and possession of firearms and other deadly weapons.

"We recommend that the authorities exercise their powers to condemn and raze all houses unfit for human habitation, enforce health and sanitary laws and regulations in the care and upkeep of streets and alleys and the collection of rubbish and garbage in areas of negro residence, where the commission has found these matters to be shamefully neglected.

"We recommend that in the areas where the main part of the negro population lives, school buildings, equipment and teaching forces be provided which shall be at least equal to the average standard for the city, that night schools and community centers be established in sections not now adequately provided with such facilities and that transient officers give attention to school attendance by the children of negro families migrating from the south.

"There must be more and better housing to accommodate the great increase in negro population which was at the rate of 148 per cent from 1910 to 1920. This situation will be made worse by methods tending toward forcible segregation or exclusion of negroes."

#### SINGLE WOMAN MUST PAY WIFE LARGE DAMAGES

Alienated Affection of Husband Whose Spouse Secures Judgment Before Jury

#### HUSBAND CHARGED DESERTION

Jury Unanimous in Declaring Spinster Guilty of Stealing Affections of Howard

WARSAW, N. Y., Sept. 22.—Lawyers for Miss Margaret E. Pierce are preparing papers for an appeal from the verdict of \$12,500 awarded by a jury last night to Mrs. James O. Howard, whose husband's affections Miss Pierce is alleged to have stolen four years ago when she was 16 years old, and Howard 44. Mrs. Howard charged her husband deserted her and their three children after a child was born to Miss Pierce. The jury was unanimous on the first ballot in declaring Miss Pierce had alienated Howard's affections. Miss Pierce came into her fortune through the death of her foster parents, Lyle Smith, a childhood chum, to whom she is now engaged, sat beside her during the trial.

#### WILKERSON'S DECISION IS NOW AWAITED

Will Hand Down Ruling on Modification of Injunction Tomorrow Morning

CHICAGO, Sept. 22.—With the railroad world waiting for the decision he has promised at 11 a. m. tomorrow, Federal Judge Wilkerson, in preparation of his ruling on the government's strike injunction, was without any suggestions from Attorney General Daugherty for modification of the restraining order issued Sept. 1.

#### OFFICIAL STATE VOTE FINALLY ANNOUNCED

A compilation of official returns from the seventeen counties of the state after having been canvassed by the boards of county commissioners, released yesterday by the secretary of state, places Charles S. Chandler's plurality in the republican contest for the United States senate nomination at 215. His total was 2540. Congressman S. S. Arentz received an aggregate of 2225 votes, while Sam Platt's total was 2143. The figures show that Frederic J. Siebert was nominated for university regent by 378 votes over William T. McNeil. Frank Williams, who led in this contest, was given a total of 9195. Siebert's total was 7646. Other counts as officially recorded were:

#### JAPANESE AMERICAN IS SEEKING OFFICE

HONOLULU, T. H., Sept. 22.—J. T. Hamada, former newspaper man, is the first American citizen of Japanese ancestry to become a candidate for an elective office in Hawaii. He has filled nomination papers as a candidate for the lower house of the territorial legislature on the republican ticket at the primaries in October. Hamada was born on the island of Kauai and was educated in Honolulu. He was employed later as a proofreader on a Honolulu newspaper and then joined the editorial staff of the Nippu Jiji, Japanese language newspaper, where he edited the English section and conducted a humorous column.

#### TONOPAH M. CO. GETS WELCOME IN COLORADO

Purchase of Ajax Mine, Cripple Creek, Means New Life For That District

Purchase of the Colburn-Ajax mine at Victor, Colo., by the Tonopah-Ajax Gold Mining company, owned and controlled by the Tonopah Mining company of Nevada, was effected recently. H. W. Stotesbury, formerly connected with the Tonopah company, will be in charge of operations as superintendent, says the Denver News.

The deal transferring the property from the Colburn interests has been awaited with great interest in the district. Negotiations have been in progress for several months. Attorneys for the Tonopah-Ajax company were in the district last week examining the title to the property, and upon the submission of their reports the purchase was effected. J. O. A. Carper of Denver, a former district operator, was instrumental in putting through the deal.

The parent company, the Tonopah Mining, controls large placers at Breckenridge, which are operated by dredges. It maintains an exploration fund of \$200,000, which is used to acquire fresh property, regardless of location.

The purchase price of the property was not announced, but it is said to be in the neighborhood of \$200,000. The new company will make many improvements on the property, including changes in the surface plant. It is reported that the present steam plant will be replaced by electricity. An extensive campaign of development on the various levels of the mine and in virgin ground is planned by the Tonopah company.

#### FRUGAL QUEEN WEARS LAST YEAR'S CLOTHES

BUCHAREST, Sept. 22.—Queen Marie of Rumania has decided to put off her long-contemplated trip to the United States. The chief reason is Rumania's acute financial position. "We are very poor," says the queen, "and it would not be right to ask the government to meet the expense of such a long journey. I am trying to set a good example of frugality and economy. I have canceled the orders for my coronation gowns. My daughters and I are wearing last year's clothes, and we are saving every penny. Hence I must give up the idea of going to the United States."

#### RUINED WALLS TO BE REBUILT IN SALONIKI

SALONIKI, Greece, Sept. 22.—Saloniki, whose crumbled and blackened walls have been one of the eyesores of this part of the world for five years, is at last to be rebuilt. A corporation has been formed with a capital of 10,000,000 francs for the reconstruction of those parts of the city which were destroyed in the great fire of 1917. Half this sum has been subscribed by the National Bank of Greece, three and a half million by Jewish capitalists, and the remainder by Saloniki Greeks.

#### GOLD BELT IS GOING TO HAVE NEW MACHINERY

Manager Keilhofer Will Return In Short Time and Then Resume Operations

The Gold Belt Divide mine is to be equipped immediately with complete plant of machinery and a most comprehensive campaign of development inaugurated. Charles Keilhofer, moving spirit in the company, is expected to return from Los Angeles within the next week or ten days and will start installation of hoist, compressor and other necessary equipment, that will permit of operations being facilitated.

The Gold Belt Divide makes one of the most promising showings of mineral to be found in the Divide district, and there probably never was another property that possessed such promise from surface and near surface workings. The three-compartment shaft had attained a depth of 62 feet previous to temporarily suspending operations a few weeks ago, and the announcement that the holdings are to be thoroughly exploited will prove pleasing news to all interested in the Divide and especially to those holding property in close proximity.

At the bottom of the 62-foot shaft the entire vein matter across ten feet shows average values of \$11.61 in gold, and neither wall is exposed. The vein on surface has a width of 70 feet and can be traced for a mile. Gold panings can be secured at random along the croppings, and every mining man who has gone over the holdings and inspected the great ledge has voiced the opinion that in the Gold Belt there is the making of a big producer.

#### DAUGHERTY IS DEFENDED BY TEXAS SOLON

Impeachment Efforts Not Liked By Blanton, Who Reminds Constituents of Herrin

WASHINGTON, Sept. 22.—Attempts to impeach Attorney General Daugherty for seeking an injunction against the striking railway employees and the lack of defense of Daugherty by the house republicans was criticized in the house by Representative Blanton of Texas. Blanton said the people might talk all they pleased about Turkish atrocities, he could think of no atrocity greater than that at Herrin, Ill.

#### FORD PLACES ORDERS FOR COAL SUPPLIES

CINCINNATI, Sept. 22.—An order for coal for the Ford Motor company of Detroit was signed here today by a representative of the Ford company with the American Export and Inland corporation here, it was announced.

#### DETROIT IS HAPPY AS PLANTS RESUME

DETROIT, Sept. 22.—A feeling of relief pervaded business as well as labor circles here as three of the largest industrial plants in the Detroit area—those of the Ford Motor company—resumed operations today after a week's idleness.

#### DE VALERA STORY IS DENIED IN DUBLIN

DUBLIN, Sept. 22.—The publicity department of the republican party offices in Dublin declared the statement recently circulated that De Valera was in Dublin with the object of negotiating with the Irish provisional government was a fabrication. The denial was borne out by information from Free State sources.

#### EZINE SEIZED ASIATIC SIDE DARDANELLES

Is Important Key to European Side of Straits and Allies Become Alarmed

#### KEMALISTS NOT OPPOSED

Greece Says Turks Will Never Be Permitted to Invade Thrace, Homeland

CONSTANTINOPLE, Sept. 22.—Turkish nationalists have seized Ezine on the Asiatic side of the Dardanelles, and are threatening Koca-Kale, an important key position to the European side of the straits. Kemalists were nowhere opposed.

The nationalist move, in the opinion of naval experts here, will enable the Turks to prevent free ingress to the Dardanelles to the British Atlantic fleet units which are on the way from Malta. Important positions in the straits were up to today occupied by French and Italian, and from them the Turks can command entrance to the straits.

General Pella, French commissioner here, returned yesterday from a mission to Smyrna. It is understood he had little success in an attempt to persuade Mustafa Kemal Pasha of the expediency of crossing the straits and occupying Thrace. It is believed Kemal pointed out the advisability of neutrality of the straits by nationalists could be predicated only upon adequate guarantees from the allies that Thrace would be returned to Turkey.

ATHENS, Sept. 22.—Greece will never permit the Turks to invade Thrace, which she considers part of her homeland, rejection of which is "an essential preliminary condition to any peace conference," says a statement to the Associated Press by the Greek foreign office.

PARIS, Sept. 22.—The French cabinet has decided that in view of the refusal of the British to withdraw its forces from Chanak on the Asiatic side of the Dardanelles, efforts of the French government should be directed toward preventing a war between Turkey and Great Britain. To this end it was agreed to send Franklin D. Roosevelt to Smyrna.
